

House League Request Policy

Effective Date: April 2009

Dated:

Signature: Steve O'Reilly & Aaron MacGillivray

Position: Junior and Senior House League Directors

Introduction:

Due to the large number of participants in our House League program Guelph Soccer is unable to grant special requests. Requests are logistically impossible, very time consuming, and would involve significant cost to the club, a cost that would likely necessitate an increase in registration fees. Understanding that there are situations which would warrant a request Guelph Soccer has developed the following policy.

Policy Details:

No special requests shall be granted with the exception of the following circumstances;

- Siblings of the same age may be placed on the same team except where leagues are split into boys & girls.
- Sponsors may request one child and coach per sponsorship.
- Coach & child will automatically be placed on the same team unless otherwise directed.
- A coach can request a maximum of two assistant coaches. Assistant coaches and their children will be placed on the same team.
- Children with different last names, born in the same year and registered by one legal guardian will be placed on the same team providing the Club is shown proof of residency.
- A request for medical issues will be reviewed when submitted in writing and supported by formal documentation.

Please note Guelph Soccer will not grant special requests for the following.

- Transportation
- Social
- Player's to play up or down an age group

Should you wish to make a request for reasons not listed please submit details in writing to the Executive Director. All decisions made by the Executive Director shall be final.
